What sets Tanah Keeta apart from other Scout Camps?

- Not only do we have an Olympic size pool and a spring fed lake, but we also have direct ocean access via the Loxahatchee River. We have an excellent and affordable multi-level SCUBA program which provides ocean dives. We also have two additional High Adventure programs that celebrate our marine environment including Angler Adventure and Ocean Adventure.
- We have small, well taught classes. By utilizing the block system, we can invite experts such as Firefighters, Police Officers, Lawyers, and Auto Mechanics to teach a variety of specialty and technical merit badges.
- We have plenty for adults to do at camp, including classes, fun activities, special meals, and a leaders' cruise of the Loxahatchee River.
- We have SUPERFUN theme days with fun activities and evening program designed to make each day at camp a unique experience.
- We have a dynamic, patrol based first year program taught by outstanding and engaging staff. This program is hands on and action oriented. Scouts in the program can also earn several merit badges.
- Units may sign up for unit specific activities during the week including free swim, open climb, and more!!
- While we understand that advancement at camp is important we also believe wholeheartedly that summer camp needs to be FUN, FUN, FUN!!! Each evening is packed with activities that develop troop unity, but also celebrate the fun and adventure of summertime and being outdoors with friends. We have plenty of play elements around camp including a basketball court, Gaga pit, giant chess, 4 square, and more.
- Finally, at Tanah Keeta Summer Camp, you are not simply a camper, you are a member of our family. We pride ourselves in making every camper feel welcome and at home. Our staff is hands down one of the best summer camp staffs you will find. They are passionate about summer camp and dedicated to making sure that every camper leaves with the spirit of summer camp in their hearts!
