

Tentaroo – How to register and retrieve blue cards.

To register for SAW:

Tentaroo is the our registration system ...you would either use your preexisting account, make up a new account or perhaps your Pack or Troop signed your scout up.

Go to gulfstreamcouncil.org ...red login box in the upper righthand corner, enter your user name and password...

Once you log in...

Got to events, available events, click on SAW, click on SAW 2020, click on register for event, your roster is listed, add new scouts as needed, click on a scout to register for classes, check his profile, click next, click participant, pick your class, if you pick a half day class: the afternoon class selection will appear, if you pick a full day class: no additional classes will appear; click next; click complete. You will be directed to the check out page, either check out and pay ; or add another participant...complete steps for each participant, then check out and pay, once you have entered your payment , click place order to complete your registration and choice of classes.

After the event: To retrieve Blue Cards or reports

Tentaroo is the registration system you used to sign up for classes for RAW...you would either use your preexisting account, make up a new account or perhaps your Pack or Troop signed your scout up.

Go to gulfstreamcouncil.org ...red login box in the upper righthand corner, enter your user name and password...

Once you log in...

Go to your home page...click the 3 line small blue square on the left hand side of the blue banner, click events... click on my past events , click on **ALL: Scout Advancement Workday**, look for your class by the date, click on the class, the registration page will come up for that class, near the word participants you will see a tab for reports , click and print the report or blue cards you need.

Once you have the blue card or report, you must turn this into your advancement person, so they can add it your Unit's advancement report.

Please note: If your troop or Pack signed the scout, only they will have access to those reports.
